

RACC College Mini-Fairs

Request Form

The mission of the Regional Admission Counselors of California (RACC-www.regionaladmissions.com) is to help provide the students of California with greater college access by increasing their college options. As individuals we represent our institutions, as the RACC group, we present options and education to students conducting their college searches in the mission to help them find their match school.

We are now in the third year of organizing and conducting **college mini fairs**. We conducted over a dozen events last year and they were very successful from the student, counselor and university perspective.

What is a Mini Fair? Anywhere from 10 - 24 RACC schools visit a high school at the same time and set up a table (college fair style). The fair is to promote out-of-state opportunities to students. The location can be anywhere on campus and will be determined by the counselor/school. In the past the mini fairs have been held during lunch, break, or free periods in/around a cafeteria, a library, classroom, lawn, etc. We can also present to large groups of students before the mini-fair to present ideas on why considering out of state options can be valuable in the college search. We would need tables to accommodate the colleges participating.

Please provide the following information:

Name of School with address (at least city)

Name of Counselor

Contact Email

Contact Phone Number

What day(s) of the week would work for a mini-fair

What time(s) of the day(s) would work for a mini-fair

What season would be best for a mini at your school? Fall, Spring, Both

Special requests: 2 minute presentation of each school, considering out of state options presentation, etc.

Please complete as much of this form as possible and email it back to Teri Ann Matsuda at teriann@drexel.edu. You can also contact Teri Ann at 888-6-DREXEL (888-637-3935).
